

Hi friend,

There are so many reasons to love learning! It brings us joy when we understand new concepts, and it can give us a sense of accomplishment and satisfaction. Even when we face challenges, the process of problem-solving can be incredibly rewarding. Whether you're in school, at work, or pursuing a personal interest, learning is one of the most fulfilling things we can do.

That's where Khan Academy comes in!

All of our videos, articles, and practice problems are 100% free because we believe that learning should be accessible to everyone.

But we need your help to keep it that way. As a small nonprofit, we depend on donations from people like you. If you've found Khan Academy helpful, would you consider supporting us?
